

Aerospace Welding Services

OVERVIEW

- » Resistance welding processes as a service to a broad range of commercial and military aerospace customers.
- » NADCAP certified to weld to all industry and customer specifications including AWS D17.2 as well as specs for Boeing, Lockheed Martin, Northrop Grumman, etc.
- » Available processes include Resistance Flash, Spot, Projection, Seam, and Percussion Stud welding.

WELDING SERVICES

Resistance Welding Services

- » Flash, Spot, Seam, Projection, and Percussion Stud Welding
 - Sheet metal parts
 - Tubular parts
 - Ducts and flanges
- » In-house part cleaning

INDUSTRY AND MILITARY STANDARDS

- » AWS D17.2
- » MIL-W-6858 (AMS-W-6858)

MAJOR PRIMES/OEM SPECIFICATIONS

- | | |
|----------------------|-------------------|
| » Boeing | » Pratt & Whitney |
| » Lockheed Martin | » Raytheon |
| » Northrop Grumman | » Goodrich/Rohr |
| » Collins | » Douglas |
| » Aerojet Rocketdyne | » Fairchild |
